CAREER OBJECTIVE

Motivated Software Engineer with a strong foundation in programming, data structures, problem-solving, and software development. Eager to contribute to building scalable, efficient, and reliable applications while continuously learning modern technologies. Seeking an entry-level role to apply technical skills, collaborate with teams, and grow as a skilled software engineering professional

TECHNICAL SKILLS

- | | | |
|-----------|--------------|--------------------|
| • Python | • Java (DSA) | • Scikit-Learn |
| • Flutter | • LangGraph | • MySQL |
| • Git | • Power BI | • Machine Learning |

PROJECT

- | | |
|--|-------------------|
| RAG Agent with PDF Upload & Web Search  | 04/2026 – 04/2026 |
| Built an AI-powered RAG chatbot that answers questions using both uploaded PDFs and real-time web data with intelligent source routing. Implemented using Streamlit, LangChain, ChromaDB, Hugging Face embeddings, Groq LLM, and Tavily API to deliver accurate, context-aware responses | |
| Face Mask Detection AI Model  | 02/2026 – 02/2026 |
| Developed a face mask detection system using Python and YOLOv8, capable of identifying masks in images, videos, and real-time webcam streams with high accuracy | |
| Flutter Survive Game  | 12/2025 – 01/2026 |
| Developed a simple survival-style mobile game in which the player must protect the base from falling stones while earning points by tapping and destroying them | |

EDUCATION

- | | |
|---|----------------|
| B.E CSE Artificial Intelligence and Machine Learning | 2023 – Present |
| Rathinam Technical Campus | Coimbatore |
| CGPA: 8.2 | |
| Higher Secondary Certificate(HSC) | 2022 – 2023 |
| Vidyaa Vikas | Coimbatore |
| 94.5% | |
| Secondary School Leaving Certificate(SSLC) | 2020 – 2021 |
| Vidyaa Vikas | Coimbatore |
| 100% | |

INTERNSHIP

- | | |
|--|-------------------|
| Artificial Intelligence Intern | 08/2025 – 03/2026 |
| amasQIS.ai | Coimbatore |
| Assisted in developing AI-based solutions using Python and machine learning techniques. Performed data cleaning and preprocessing for model training, and improved model performance through tuning and optimization. Collaborated with team members on applied AI and data science tasks. | |

CERTIFICATIONS

- | | | |
|---------------------------------|--------------------------|-------------------|
| • AWS Certified AI Practitioner | • Associate Data Analyst | • Microsoft Excel |
|---------------------------------|--------------------------|-------------------|

SOFT SKILLS

- | | | |
|-------------|-------------------|----------------|
| • Team Work | • Problem-Solving | • Adaptability |
|-------------|-------------------|----------------|

LANGUAGES

- | | |
|---------|-----------|
| • Tamil | • English |
